Gaza is suffocating under the siege, killings and occupation. Residents of Sderot in Israel are paying a heavy price for the absence of diplomacy. The U.S. can have a positive role as an honest broker for a just peace. *Urge our elected representatives to reject the status quo and work for a real peace, right now.*

**Send a strong message that the 40-year military occupation must end.**

***Your presence is important. Please be there on Saturday December 2 to show that WE CARE and we will not BE SILENT.***
